MEMORANDUM FOR: Mr. Edward L. Allen
Chief, Economic Research, Office of Research & Reports

THROUGH: Director, National Photographic Interpretation Center

SUBJECT: [redacted] Proposal for Using Satellite Photography for Economic Analysis 50X1

1. After our meeting with the [redacted] representatives in Mr. Cline's 50X1
office a couple of weeks ago, I asked our Photographic Analysis Division
people to determine whether they felt the [redacted] proposal appeared to be 50X1
worthy of serious consideration. The comments of two of our more experienced
interpreters are attached and reflect NPIC's general opinion that the proposal
presents nothing new in this area. It also seems that the general consensus
is that [redacted] could really contribute very little in the analysis of satel- 50X1
lite photography for deriving economic indicators.

2. Mr. Cline requested that these comments be turned over to you
for consolidation with evaluations of the proposal prepared by your people.

3. The copy of the proposal that I received while in Mr. Cline's office
has been turned over to [redacted] OSA/DDR Security at his request. 50X1
